Safety & Security Programs:
- Cyber Security Program
- Safety System Oversight
- Control System Oversight

Commitment to Customer Service

NCG is focused on customer satisfaction and delivering value in every effort. Our approach is predicated on understanding client needs and their specific operating environment. This consideration is essential for delivering services and solutions that meet goals and expectations.

The NCG team is comprised of professionals that have played different roles in the private and public sectors. We understand the unique challenges of the Federal environment and can leverage industry standards and best practices from other sectors. This depth of experience enables the NCG team to be effective in a variety of situations.

Contract Management

The NCG team is well-versed in Federal contracting processes and procedures. The NCG team has worked directly with program management offices, contracting offices, and technical representatives to manage and control delivery.

To each engagement we bring an appreciation for and capabilities in bridging technology and business subject matter areas. We understand the range of stakeholders and perspectives in to the Federal sector and how to effectively engage them in projects.

Compliance and Governance

NCG consultants have extensive experience working in highly regulated areas on both the private industry and regulatory oversight sides of the process. The NCG team

NCG Service Model

NCG's Service Model focuses on integrating the needs of people, technology, data, and security from the perspective of accomplishing organizational processes and objectives.

understands the constraints and controls for working with the government and how to ensure compliance each step of the way. From getting the work done to proper accounting and reporting procedures, NCG can hit the ground running.

Leveraging Industry Expertise

NCG has an extensive private sector track record with a reputation for driving industry standard and best practices in every engagement. NCG's industry experiences span Transportation and Logistics, Banking & Financial Services, Healthcare Management, Retail Operations, and Manufacturing.
